

Modular Vertical Garden Kit

GLW08 Living Wall™ modular Vertical Garden kit with 8 Pots

DIG's Living Wall™ Modular Vertical Garden kit is designed with expandable wall mounting brackets from which up to four large and four small pots can be hung vertically. The kit also includes an integrated professional watering system to deliver controlled amounts of water into each individual pot, using pressure compensating drippers with check valves.

DIG's Living Wall™ Modular Vertical Garden Kit supports an open area between the pots and the wall, providing protection from moisture and preventing discoloration of the exposed wall.

Features

Convenient modular wall mounting brackets that allow the pots to be hung and removed from the wall very easily.

The wall mounting modular brackets can be easily secured to each other with a simple self-lock position for quick and easy installation and kit expansion.

The durable modular wall mounting brackets can be connected in a wide range of patterns with vertical or horizontal panels or any pattern desired.

The kits pots can easily be mounted, removed and re-mounted again for very convenient system installation
